Ladakh is a once in a lifetime experience which not many get to experience! It's always written in the stars for such extravagant trips where the journey is equally important as the destination! Capture a trip as a group were extremely professional and covered everything that was promised within the itinerary. The stay, food, comfort and hospitality was warm and commendably welcoming! This was once in a lifetime experience as we were a group of school friends travelling together and capture a trip made it etched in our memories!

# ABOUT DESTINATION

## LADAKH

Ladakh, known as the "Land of High Mountain Passes," is a stunning, arid region in northern India. Renowned for its rugged peaks, desert landscapes, and serene monasteries, it spans 60,000 square miles (100,000 sq. km). Once part of Jammu and Kashmir, it became a Union Territory in 2019. The towering Himalayas separate Ladakh from Kashmir Valley, enhancing its isolation. Often called "Little Tibet," Ladakh shares deep cultural ties with Tibet, where Tibetan Buddhism and traditions thrive amid its breathtaking natural beauty.
