Recently booked a trip to Kashmir with CAT with my friends and no words can describe the services they provided. Though we opted for a group trip, no one booked apart from us booked in those dates. Still there was no issue with our whole trip. For any query or concern, the CAT team was available in just one call away.

Special thanks to Umang and Piyush for making sure we are not facing any issue during the trip.

One of the best trips I've ever had, to Kashmir being a solo traveler. I had to be careful of my surroundings, but you guys made me feel at ease—it's like I was traveling with family. Meals were amazing and yummy, though lunch could use some work.

If you are looking for travel buddies who make you feel like family and not just another traveler, then Capture a Trip is the best choice for you.

The trip lead was amazing and friendly. Not only do they make you feel warm and overwhelmed, but they also help you realize the importance of "ME" time, which is often missing from your life.

From booking to saying goodbye to beautiful places, your experience will be a mix of 20% emotions, 70% laughter, and 10% tears (because you're saying goodbye to mesmerizing locations too soon!).
