Ladakh is a once in a lifetime experience which not many get to experience! It's always written in the stars for such extravagant trips where the journey is equally important as the destination! Capture a trip as a group were extremely professional and covered everything that was promised within the itinerary. The stay, food, comfort and hospitality was warm and commendably welcoming! This was once in a lifetime experience as we were a group of school friends travelling together and capture a trip made it etched in our memories!

# ABOUT DESTINATION

## LADAKH APRICOT BLOSSOM

The **Ladakh Apricot Blossom** marks the arrival of spring in the cold desert of northern India. Every April, thousands of apricot trees bloom in soft shades of pink and white, transforming the rugged valleys into a delicate floral paradise. Villages like Sham Valley, Turtuk, Alchi, and Skurbuchan come alive with blossoms set against snow-capped Himalayan peaks and clear blue skies. This short yet magical season celebrates nature, local culture, and the quiet beauty of Ladakh, offering a rare contrast to its otherwise stark and arid landscape.
