Ladakh is a once in a lifetime experience which not many get to experience! It's always written in the stars for such extravagant trips where the journey is equally important as the destination! Capture a trip as a group were extremely professional and covered everything that was promised within the itinerary. The stay, food, comfort and hospitality was warm and commendably welcoming! This was once in a lifetime experience as we were a group of school friends travelling together and capture a trip made it etched in our memories!
